

BUILDING A COMMUNITY OF HOPE

2013 – 2014 ANNUAL REPORT

"If I hadn't found this place, I would not have gotten clean. Coming here showed me that I had options. It showed me that I had potential. I knew if I came here I would be safe. Everyone was so friendly here. They always made you feel welcome. When I came here, I felt like an equal. It gave me comfort. If I hadn't gotten clean, if I hadn't found a dry shelter, I would be dead right now. Siloam literally saved my life."

— CHERYL ANN, FORMER
SILOAM MISSION CLIENT

MISSION STATEMENT

A connecting point between the compassionate and Winnipeg's less fortunate, Siloam Mission is a Christian humanitarian organization that alleviates hardships and provides opportunities for change for those affected by homelessness.

MESSAGE FROM THE BOARD OF DIRECTORS

Each time Siloam Mission's Board of Directors meet we celebrate the blessings we've experienced and grapple with the challenges we yet still face. It's a time for us to reaffirm our mandate and measure our progress against the simple but profound yardstick of 'alleviating hardships and providing opportunities for change for those affected by homelessness.'

Moving forward, we often question what it takes to move beyond the bonds of poverty into a place of hope. What makes change happen and what sustains it?

The answer comes in the form of community, where positive steps forward are supported by healthy, caring relationships. Over this past year, over 8000 volunteers came together in a shared vision of compassion and hope. Barriers were torn down as people from all walks of life built relationships, and valued one another as part of the larger family.

We stand in awe as more and more of the people we serve share with us their stories of growth, change, and transformation and the way in which their connection with Siloam Mission has made these things possible. God has made this a place where each one of us is changed as much as we contribute to change.

He puts poor people on their feet again; he rekindles burned-out lives with fresh hope, restoring dignity and respect to their lives—a place in the sun!

— 1 Samuel 2:8

BASEMENT BY BOEING

A loyal Siloam partner for many years, Boeing Canada stepped in after our December flood to help us redesign the organization of our basement, which holds the majority of our storage. For several months, volunteer Boeing teams worked with Siloam staff using LEAN engineering principles applied in the design and production of their airplanes to make the space streamlined and efficient.

"Boeing is a silver lining in the cloud caused by our flood. We discovered the way we were using our space needed to be significantly improved. Our streamlined basement operation means we can better serve our community."

— Floyd Perras, Executive Director

"Coming here has made me realize who I am. Before I was always putting myself down, calling myself a bum. Now I feel better about myself. I know that I have potential. I can get my life going again. Painting is very calming. This is my therapy. I can work out my frustrations and relax. I feel safe here. I can work at restoring my relationships."

— WAYNE,
MADISON RESIDENT

MESSAGE FROM THE EXECUTIVE DIRECTOR

It has been another year of blessing for Siloam Mission. An increase in volunteers and donors has enabled us to offer additional services to the thousands of men and women we assist annually.

Our 85-unit supportive housing facility, The Madison, has experienced a wonderful year of community building among the residents and within the neighbourhood of Wolseley. Nearly \$2 Million was invested in this facility and today The Madison is self-sufficient, through the 'room-and-board' rent paid by the tenants. What a great model going forward!

In the summer of 2013 we also extensively renovated the dining room, kitchen, and washrooms at 300 Princess Street. Largely paid for through a \$430,000 grant from the Homelessness Partnering Strategy new windows, flooring, paint, and a weather-barrier wall at the entrance made the space more inviting and efficient.

We included air conditioning for the kitchen and dining room to ensure a comfortable environment for the 300-500 guests each meal. As well, we added 200 lockers so the folks who use our shelter can store their belongings and not have to carry everything they own at all times.

Again this year we shut down the kitchen for a couple of weeks of required maintenance. Our wonderful Sponsor-The-Meal partners stepped

up to the 'plate' with prepared meals to ensure meal services continued uninterrupted.

We coped with a terrible blow right before Christmas when a frozen sprinkler head caused extensive flood damage on the first floor and in the basement. Almost immediately our partners, donors, volunteers, staff, and guests galvanized to clean up and begin repairs. Generous Manitobans rebuilt stores of lost items so we could provide a bountiful Christmas for the men, women, and families who depend on us.

This past January we were able to purchase another property on our block, an essential component for realizing our vision to build our new Siloam Campus. We anticipate building 160 units of supportive housing based on the successful model of The Madison.

A new Frontline Services Centre, toward which the City of Winnipeg has pledged \$4 Million, will include an additional 260 seats in the dining room and expanded kitchen facilities. Hannah's Place Emergency Shelter will have additional beds for women, enclosed for a greater sense of security and privacy. The Saul Sair Health Centre will have day beds and a shower, allowing clients to recuperate from short illnesses or minor surgery. Additional Case Management offices will increase space for staff and volunteers to

provide support and transitional services for clients.

With God's grace, these facilities will greatly change what Siloam can provide in the future. I am thankful for the incredible support of everyone who has become a part of our Siloam family as guests, volunteers, donors, partners, and staff. Our collective love and compassion replaces hopelessness with hope and challenges the grip of homelessness and poverty. I am eager to embark on this year of inspiring growth ahead of us.

BUILDING FUTURES

Our vocational rehabilitation program, Building Futures, is designed for individuals using our services who require assistance securing fulfilling, sustainable employment. Building Futures determines current skill levels to support each participant on an individual basis through comprehensive assessment and the facilitation of training. Participants identify and develop their strengths while addressing challenges or obstacles to successful employment. Connections are maintained post-employment in order to remediate difficulties and to provide encouragement. Building Futures meets and communicates regularly with new employers to help participants transition into the workplace and progress toward more self-sufficient lifestyles.

MOST participants, Mike and Elmer talk about the positive changes in their lives.

MOST – MISSION: OFF THE STREETS TEAM

A cornerstone within Building Futures, MOST is our temporary employment program for participants ready to take the first steps back into the workforce. Structured experience working on public space beautification in Winnipeg's downtown core provides our participants opportunities to build confidence, develop employment skills, gain a sense of purpose, and earn income. MOST's positive experiences go beyond work, also helping to build self-esteem through enriched social, emotional, spiritual, and financial life skills. The quality of work produced by the MOST teams has been widely praised by many downtown Winnipeg businesses and associations, reinforcing for participants the contributions they make to our community.

"When people hear the word 'homeless', they think 'drug users' or 'those guys don't want to work'. That's not true," he says. "I've been told in the past 'to get a real job'. Well now I have one. I'm keeping the streets clean, and that's important. When people see us out there with our vests on, doing our work, they realize that we want to contribute. We want to keep contributing. That's why the MOST program is important." — **MIKE, MOST PARTICIPANT**

"Siloam Mission was the first place I found in Winnipeg and they took care of me. It really meant a lot. People are really grateful for the work we're doing. One woman even gave us cookies!" — **ELMER, MOST PARTICIPANT**

EXIT UP!

This past May, Siloam launched its innovative pilot program, Exit Up! to bridge the gap for Aboriginal young adults aged 18-25 who have left foster care and are seeking a supportive environment to develop skills for living interdependently with success. As many as 43% of those experiencing homelessness have been in the child welfare system at one point or another. Exit Up! offers a positive alternative through a structured environment with options for developing their future paths.

Initially living at The Madison, participants transition at their own pace to increasingly independent accommodation. Exit Up! helps participants build capacity through education, training, life skills development, and mentorship. Supports are designed to strengthen resilience and encourage them to engage in healthy coping strategies.

“...there are programs out there that really do make an impact. I’m proof!”

— TREVOR, EXIT UP! AND MOST PARTICIPANT

On a field trip hosted by Transition Services, Exit Up! participant, Trevor, discovered a new passion for archery. His straight-as-an-arrow pose symbolizes the program’s goal to offer participants guidance and support aimed at a successful adult life.

SPECIAL THANKS

Special thanks to the following partners and supporters for providing meals and renovations these past two summers while our main floor was shut-down for renovations. Your generosity meant there was no interruption of service for our guests and that our Drop In Centre continues to be a comfortable and dignified community hub for those experiencing homelessness and poverty in Winnipeg’s inner city.

THE MADISON

Our 85 units of supportive housing in Wolesley, The Madison, officially opened after renovations in the spring of 2013. It has blossomed into a place of intentional community building, providing three meals a day, free access to laundry machines, and 24/7 on-site support. In this past year, 83% of those placed at The Madison continue to reside there or have successfully transitioned into suitable, alternate housing situation.

This past year we upgraded the elevator, added a computer room for residents' use, and brought in beautiful new furniture for the communal Quiet Room. We celebrated Easter with new tables and chairs generously donated by the Cohen family. Engaging programming for recreational activities includes bingo, board games, guitar lessons, weekly life skills workshops, visiting hair stylists, and martial arts classes. Thanks to Assiniboine Credit Union and other generous donors, residents have also had the opportunity to go on five field trips.

VOLUNTEER SERVICES

Siloam IS volunteers and in this past year, over 8,000 volunteers provided almost 80,000 hours of services – a 14% increase over the previous year, equivalent to 38 full-time staff. As we move forward with our Vision 500 plans for the Siloam Campus, volunteers are key to successful supportive housing by building relationships within a community hub. Every day volunteers work in Frontline Services, serve in the kitchen, sort and organize donations, visit the Madison, and much more, allowing us to reach out to those in need.

This year volunteering has become more accessible to those with unique needs as our Volunteer Services staff makes accommodations to support specialized physical requirements. As well, Siloam volunteers gained broader recognition for their exceptional service, winning the Mayor's Community Leadership Award through Volunteer Manitoba and the Seniors Care Volunteer Award for Manitoba.

COMMUNITY EDUCATION

Committed to increasing awareness of homelessness and poverty within Winnipeg, Siloam's Community Education program

reaches out through community presentations and connects with students. Hosting school groups, education sessions, and tours, this program also partners with Volunteer Services to create variety of age-appropriate volunteer opportunities. This past year Siloam's Annual Cookie Baking Extravaganza expanded to two days and helped 78 children volunteer in our kitchen.

UNDER THE RADAR

An integral component of Siloam's Community Education, Under the Radar is our urban outreach program, working with youth ages 14+ to develop advocates for those experiencing poverty and homelessness. UTR encourages youth to confront challenging issues while serving their neighbours in compassionate ministry through a structured inner city experience.

"The people of Siloam Mission are the finest people in the world. They are all special in my heart. It starts with a part of ourselves and investing that into someone else's life."

DROP IN

Our Drop-In Centre is the heart and hub of Siloam's vibrant community of guests, volunteers, supporters, and staff. Approximately 1200 meals are served each day, an 8.4% increase since last year. This year was our largest Thanksgiving celebration ever, serving 1,125 meals. Such high volume requires a bright, comfortable common space that is also efficient and durable. Thanks to our partners and supporters over the past two summers, we were able to complete renovations, including new windows, flooring, paint, air conditioning, and a weather-barrier wall at the entrance. The meals provided throughout the kitchen shutdown ensured our guests continued to receive delicious, nutritious meals. New tables and chairs provide those we serve with a dignified place to eat and enjoy each other's company.

EMERGENCY OVERNIGHT SHELTER

Over the past year, nearly 1133 individuals sought the refuge and safety of Siloam Mission's 110 bed Hannah's Place Emergency Overnight Shelter. Our guests are welcomed into this clean and peaceful environment with hygiene items, washrooms and showers, fresh towels, clean linens, and a comfortable bed for the night. Connecting regular shelter guests with Transition Services, we empower them to move beyond homelessness. The shelter also provides a 5-bed family room for short-term emergency use. In December we began offering 200 lockers for people to safely store their belongings, making it easier to work, to get around, and to live beyond the immediate moment of crisis.

SPIRITUAL CARE

Siloam's Spiritual Care program provides psychological and spiritual comfort to those struggling with homelessness and poverty, helping them to connect to faith congregations with which they feel comfortable. Offering regular Wednesday evening Bible studies, weekly AA meetings, and Sunday church services, the program also organized 4 memorial services and 17 hospital visits this past year. As well, 109 volunteers assisted Spiritual Care by donating 330+ hours. Spiritual Care has also hosted twice a month 'Siloam Jamms' in the Drop In, providing uplifting and interactive musical entertainment for our guests.

ART ROOM

Siloam's Art Room provides those who are experiencing hardship and homelessness a peaceful space for creative expression. For many of our guests, reconnecting with their talents is a reprieve from day to day struggles and a way to reclaim confidence. Their private expressions of hope, everyday experience, and spirituality reminds us that every person has a story. With 499 visits in this past year alone, Karina, an art room coordinator, sees the impact: "the program gives clients a sense of worth and respect for their skills in the community, and with that, knowledge they can help improve the community through the expression of their skills".

CLOTHING PROGRAM

Siloam's clothing program operates 5 days per week to provide a unique, free, "shopping" experience for people to choose from carefully sorted clothing and hygiene items supplied by generous community donations. Helping our folks to feel confident about their appearance, we assisted the men and women who rely on our services in over 14,000 clothing room visits this past year.

TRANSITION SERVICES

Siloam Mission's Transition Services program helps guests move forward in their lives through goal setting, weekly meetings, support, and accountability. A team of staff and volunteers build positive relationships, encouraging participants on a weekly basis to regain their confidence and take positive steps forward.

Recently a Madison resident returned his 4-month assessment to his TS case worker with a note written on the back:

"When I came to the Madison, I had nothing. Now I'm going back to school, getting a career, and have a new outlook on life. Thank you."

SAUL SAIR HEALTH CENTRE

Those experiencing homelessness often contend with higher occurrences of poor health as well. The Saul Sair Health Centre strives to overcome these complex health obstacles by providing compassionate primary and preventive care on-site at our 300 Princess Street location.

Thanks to the contributions of more than double the number of medical professional volunteers, our health centre has been able to serve more patients, schedule nursing visits to The Madison, and expand special clinic offerings. This increased volunteer coverage includes physicians, nurses, chiropractors, massage therapists, dentists, optometrists, physiotherapists, foot care specialists, and gym instructors. As well, the generous donation of a podiatry chair this past year expanded our ability to provide foot care.

SPONSOR THE MEAL PROGRAM

The Sponsor the Meal program allows local businesses, churches, and schools to partner with Siloam Mission to provide meals to Winnipeg's less fortunate every day, giving your organization exposure as a leader committed to bettering our city and society.

For more information, contact Judy Richichi at 204-956-4344; judy.richichi@siload.ca

THANK YOU TO THE FOLLOWING PARTNERS COMMITTED TO CHANGE WHO ARE ALREADY MAKING A DIFFERENCE IN THE LIVES OF OUR INNER-CITY NEIGHBOURS.
